MEMORANDUM FOR: Director of Operations 25X1A9a
ATTENTION : Intelligence Officer [REDACTED]
SUBJECT : Recommended Flight Line for KAMCHATKA
Peninsula Coverage

1. Attached is the intelligence advice prepared by experts from the various agencies connected with the Ad Hoc Requirements Committee bearing upon coverage of the lower KAMCHATKA. This is in connection with the paper justifying the addition of KAMCHATKA to the highest priority list (SC-00397/58, 3 January 1958).

2. Please note that I have indicated in red where they believe that reduction can be made with least harm in the event range does not permit total coverage. Their drawing presumes entry from the north and exit in the south. This may have no relation to operational plans or feasibility and, of course, that's a matter for you to decide anyway.
